Preface to NSQF Level-4 Compliant

Directorate General of Training (DGT) under the Ministry of Skill Development and Entrepreneurship, being the apex organization for development and coordination of vocational training at the national level, undertakes steps from time to time to improve its various aspects in line with changing market and industry requirements.

DGT vide its communication No. MSDE(GT)-19/03(02)/2022-CD dated 5th April 2022 conveyed its decision to simplify the syllabus and trade-testing procedure related to Workshop Calculation & Science (WCS) and Engineering Drawing (ED) by merging these subjects with Trade Theory subject of all engineering trades.

Taking note of this latest development, this Q – Bank has been prepared which covers besides trade theory of Electrician and complete syllabus of WCS and ED as per the latest notified syllabus for Electrician and all other 2-year Electrical Group trades.

This book covers:

- **Trade Theory**
- **Workshop Calculation and Science**
- **Engineering Drawing**
- **Q-Bank (3 Sets each for 1st and 2nd Year)**
- **Online CBT Solved Papers**

The subject matter has been sequentially arranged through different Modules, each containing large number of MCQs. Further, it has been supplemented by Latest Q-Banks – 3 sets each for 1st year and 2nd year (taking cognizance of Bharat Skills Sample Papers), along with solved AITT CBT (Computer Based Test) question papers.

Main features of this book

- Covers Latest Syllabus
- CBT exam pattern as per Bharat Skills MCQs
- Latest CBT exam papers
- Useful for I.T.I. and Competitive Exams / Job Interviews for RRB, various PSUs and technical posts

We sincerely feel that this concise Q – Bank will be of immense help to the trainees to prepare for Annual All India Trade Test and candidates preparing for test / interview for various competitive exams and employment. Undoubtedly, we would welcome suggestions from our esteemed readers for further improvement of this Q – Bank in our subsequent editions.
