

PUBLISHER'S NOTE

Overwhelming popularity of Kapil Dev's "Workshop Calculation & Science" book among ITI trainees and apprentices over the years has prompted us to bring latest editions of this Q-Bank Series books, separate for One-year Trades and Two-year Trades.

Salient features of this Q-bank

- Large no. of MCQs from Exam papers under each topic
- NIMI Pattern exam-oriented Model Papers for A.I.T.T. Annual Exam as per NSQF.
- New Syllabus Strictly followed

We trust that with the help of this book, trainers and trainees will be highly benefitted in achieving success in their exams under the new pattern.

We wish for successful training and bright future for all trainees.

Contents

1st year

Module	Pages
