

## Preface

To meet the needs of craftsmen, apprentices, technicians and Training Officers / Instructors of Machinist trade, this book has been written in the form of questions and answers. The candidates appearing for an interview or a viva-voce test want to revise and refresh their knowledge and that too in a short time. It becomes very difficult to prepare from big guides or text-books at that time. This simple and small book will prove to be a "ray of light" to pass through the test.

The different type of questions (Short Answer type, Multiple-choice type and Matching type) with their answers have been included. The prescribed syllabus of Machinist trade is covered in 25 chapters of this book.

Questions from final trade tests and competitions of the trade have also been carefully examined and grouped under the suitable chapters of this book.

This book shall prove to be very useful for technicians, trainees and instructors of Machinist and related trades.

I thank Sh. Anil Mehta (Asian Publishers, New Delhi) who inspired me to revise this book.

Suggestions are welcome from the readers for further improvement of this book in next editions.

# Contents

1. Introduction and Safety .....	1
2. Common Marking, Measuring and Checking Tools .....	2
3. Common Hand Tools .....	3
4. Common Cutting Tools .....	4
5. Screw, Threads and Fasteners .....	9
6. Metals and Heat Treatment .....	11
7. Precision Instruments .....	21
8. Gauge and Template .....	24
9. Interchangeability and Finishing Process .....	26
10. Jigs and Fixtures .....	30
11. Power Transmission .....	31
12. General Maintenance, Lubricants and Bearings .....	33
13. Forging, Sheetmetal, Soldering and Brazing .....	35
14. Drill and Drilling .....	37
15. Grinder and Grinding .....	39
16. Lathe .....	43
17. Shaper .....	47
18. Slotter .....	53
19. Planer .....	54
20. Milling Machine .....	56
21. Modern Machines .....	61
22. N.C. and C.N.C. Machines. ....	63
23. Miscellaneous Short Questions and Answers .....	65
24. Multiple Choice Questions .....	103
Answers : Multiple Choice Questions .....	141
25. Matching Type Questions .....	143
Answers : Matching Type Questions .....	154
Model Question Paper Part - A .....	156
Model Question Paper Part - B .....	160
Key to Part - A .....	160
Key to Part - B .....	161
