

Preface to Latest (NSQF Level-4) Edition

Directorate General of Training (DGT) under the Ministry of Skill Development and Entrepreneurship, being the apex organization for development and coordination of vocational training at the national level, undertakes steps from time to time to improve its various aspects in line with changing market and industry requirements. Presently curricula of all CTS trades stand revised, updated and made NSQF compliant at appropriate levels. The curriculum for Machinist trade has been fixed at level 4 in the Capital Goods and Manufacturing Sector.

Keeping the recent developments and current status in view, this Q-bank has been prepared strictly in accordance with the curriculum prescribed by DGT covering trade theory subject matter sequentially through different chapters, each containing fairly large number of multiple choice questions on All India Trade Test pattern, supplemented by latest solved AITT question papers. Questions relevant to newly added topics in the latest curriculum (periodic revision being an on-going process) have been added in this latest edition.

We sincerely feel that this concise Q - Bank will be of immense help to the trainees to prepare for Annual All India Trade Test. Undoubtedly we would welcome suggestions from our esteemed readers for further improvement of this volume.
