TECHNICAL ABILITY – ELECTRICAL ENGINEERING	1-172
1. Basic Concepts and Circuit Law	1-16
Key	16
2. Magnetic Circuit	17-24
Key	24
3. A.C. Fundamentals	25-36
Key	36
4. Measuring Instruments	37-47
Key	47
5. Electrical Machines	48-96
Additional MCQs	
• D.C. Generators	77
• D.C. Motors	80
• Transformers	83
• Alternators	86
• Induction Motors	90
• Synchronous Motors	92
Key	94-96
6. Generation of Electrical Energy	97-107
Additional MCQs	
• Generation of Electrical Power	101
• Power Factor	103
• Economics of Power Generation	104
Key	106-107
7. Transmission and Distribution	108-113
Key	113
8. Utilization of Electrical Energy	114-120
Additional MCQs	
• Illumination	119
Key	120
9. Electric Heating and Welding	121-131
Key	131
10. Switch Gears and Protection	132-146
Additional MCQs	
• Circuit Breaker	141
Key	146
11. Estimation and Costing	147-148
Key	148
12. Electric Drives and Motors	149-152
Key	152
13. Basic Electronics	153-172
Key	171
